

Baroque™

Waterglass®

Baroque™ It puts the *art* in your artglass.

Baroque is “reamy” glass, produced by combining glasses of carefully mismatched compositions. The different glasses *oppose* each other when they are stirred together, creating artistic 3-dimensional swirls. A Spectrum exclusive, Baroque adds ART to any artglass design.

Waterglass.® It puts the *life* in your project.

Waterglass is a natural surface texture created by stretching the hot glass sheet while it is still in a pliable state. The result is gentle, rolling waves that resemble the surface of a lake or stream. A Spectrum exclusive, Waterglass has been adding LIFE to art glass projects for over 20 years.
